## KASPERSKY ENTERPRISE SECURITY VOTED WINDOWSECURITY.COM READERS' CHOICE AWARD WINNER

Woburn, MA – April 30, 2008 – [Kaspersky Lab](http://www.kaspersky.com), a leading developer of [Internet threat management solutions](#) that protect against all forms of [malicious software](#), today announced that Kaspersky Enterprise Space Security was selected as the Readers' Choice Award winner in the Network Antivirus category on the leading Windows security resource site, [WindowSecurity.com](http://www.windowsecurity.com).

Kaspersky Lab's enterprise [endpoint](#) security solutions extend beyond the periphery of the corporate network to reach remote users and the increasingly mobile workforce. Kaspersky Lab analysts are forecasting that 20 million new malicious programs will be discovered and 1 million new signatures will be added to the Kaspersky Virus Lab database in 2008 alone. Therefore, airtight protection is essential in protecting mobile users from today's security threats including all forms of malware viruses, hacker attacks, spyware and spam.

[Kaspersky Enterprise Space Security](#) protects all nodes on a corporate network including workstations, file servers, mail servers and gateways from today's virulent Internet threats. Centrally installed and managed through Kaspersky's centralized management facility, Kaspersky Enterprise Space Security also includes support for Cisco® NAC (Network Admission Control).

"Our Readers' Choice Awards give visitors to our site the opportunity to vote for the products they view as the very best in their respective category," said Sean Buttigieg, WindowSecurity.com manager. "WindowSecurity.com users are specialists in their field who encounter various network security solutions at the workplace. The award serves as a mark of excellence, providing the ultimate recognition from peers within the industry."

[WindowSecurity.com](http://www.windowsecurity.com) conducts monthly polls to discover which product is preferred by Network Security administrators in a particular category of third party network security solutions. The awards draw a huge response per category and are based entirely on the visitors' votes. WindowSecurity.com visitors can submit their votes for the current Readers' Award poll in the site's left-hand bar.
